## TO EXTEND THE BARRED ZONE TO NORTH ATLANTIC

Is Belief of High Officials After Receiving Confidential Reports.

WASHINGTON, April 16.—That Germany will shortly announce that the "barred zone" has been extended to the North Atlantic Ocean, and that all vessels will be sunk by submarines without warning, is the conclusion arrived at by high officials here following the receipt of confidential reports from the diplomats friendly to the United States.

The extension of the barred zone, it is said, is being planned in the effort to stop all neutral vessels now trading with the United States and diminish the number of vessels now available for transportation of foodstuffs and ammunition to the European nations at war with Germany.

The report of the intention of the German government is said to have been decided upon shortly after the entrance of the United States into the war and was taken with the double purpose of further destroying Entente allies' foodstuffs and intimidating the Latin-American nations.

WASHINGTON, April 16.—Exhaustive reports of the department of justice agents received here seem to indicate that the disastrous explosion in the Edgemoor Ammunition Corporation's plant and other minor mysteries are the work of a single and powerful organization that is working to spread a reign of terror throughout the country.

The reports that have been received by the department are now being closely considered by the officials with a view of determining upon plans to handle the situation.

NEW YORK, April 16.—Federal officials in the round-up of German aliens made four more arrests which are said to be highly important to the efforts directed by the department of justice in locating German spies.

One of the men arrested was Hans Ehret, German, who after being taken into custody is said to have confessed to the Federal authorities in which he implicated three others.

Ehret was arrested while making an attempt to leave New York. His movements have been closely watched for several days by the government officials.

WASHINGTON, April 16.—The War Department has reversed a previous ruling and announced that under existing law, States have the right to organize new units of the National Guard. This opens the door to expansion of the existing force of about 125,000 men to 400,000 at peace strength or more than 600,000 on war footing.

WASHINGTON, April 16.—Control of publicity in connection with the Government war activities has been placed by President Wilson in the hands of a committee of public information whose task it will be to safeguard secrets of value to the enemy and at the same time to see that all affairs of the nation are laid before the public. The committee will be composed of Secretaries Lansing, Daniels and Baker with George Creel as civilian head.

WASHINGTON, April 16.—That an organized plot has been launched and propaganda is being carried on opposing the administration was reached following the receipt of numerous form letters "against war" received by Congressmen and evidence submitted to the House Military Affairs Committee.

WASHINGTON, April 16.—The Government's plan to build a vast fleet of wooden cargo ships to transport supplies to the Allies and thus defeat the submarine campaign of the Germans was put under way definitely to-day when a \$50,000,000 corporation was formed by the shipping board to operate the vessels.

WASHINGTON, April 16.—Secret agents of the Government are on the trail "of the master spy."

Convinced that a spy organization is responsible for the munitions explosions, and fires which reached their climax in the Edgemoor disaster, Uncle Sam's men are seeking the center of the network of plots.

The decision of the secret service that the spy activities are centralized and under efficient control, led to the revival of reports that a German Government official, or army officer, was in the United States, in disguise, directing the plotters.

LA PAZ, BOLIVIA, April 16.—The German minister and his staff have been handed their passports by the Bolivian Government with a note declaring that diplomatic relations be-

## JUDGE McMILLAN FOR RE-ELECTION.

The official announcement of Judge C. A. McMillan for re-election as County Judge of Bourbon county appears in this issue of THE BOURBON NEWS.

It has been the custom in Bourbon county for the past half century to compliment the holder of this office with a second term. Mr. McMillan has certainly made good and his friends and supporters say there is no doubt that this custom will be followed in the coming election. If elected, Mr. McMillan promises to re-appoint his able Road Engineer, Mr. Ben F. Bedford, who has been a God-send to the users of the public highways of Bourbon county, as every dollar that was available to spend on the roads has been SPENT on the ROADS and not one penny went elsewhere.

Judge McMillan is a practical road-builder, having taken a course in this line of work and has made it a practice during his administration to personally oversee the road improvements that has been going steadily on since his first month as County Judge. He has also been of valuable service at all the public Good Roads Meetings all over the State, having been on the program for an address at nearly every one of the meetings.

Miss Grace Haskins will also be re-appointed by him as his efficient assistant in his office and as Clerk of the Quarterly Court.

We believe Mr. McMillan has been as fair and impartial in his decisions on the bench as a Judge could be. He has always given his service and money in every campaign where a Democrat's chances were at stake. We believe the Judge has fulfilled all his pre-election promises and are sure he will do just what he says he will do if re-elected. In his card in last issue he promised the following:

"I propose to give you a real business administration and to devote my time and energy to the duties of the office. To personally see that no favoritism is shown in awarding contracts, to also see that the side pikes receive their just proportion of the money expended in improvements (it is possible for this to be done at this time, as during my present term I have caused all of the main turnpikes to be put in good order and at this time I have secured sufficient machinery to repair the side pikes) and to impartially, faithfully and efficiently enforce the law in all matters to give you the best service within me. I will make you no promises which I know I cannot fulfill, only to obtain your votes."

That's all any Judge could do, and we believe that's what the voters of Bourbon county want. It is commonly said by his friends, "Well, if 'Mc' said he would do it, you can depend on it."

tween Bolivia and Germany have been severed.

WASHINGTON, April 16.—There has been a great rush to join the National Red Cross since the declaration of a state of war. Applications are coming into headquarters here at the rate of between 3,000 and 4,000 a day. The society, which only a year or two ago, had less than 50,000 members, now has upward of 300,000, and has set its goal at 1,000,000.

BEUNOS AIRES, April 16.—The Argentine sailing ship Monte Protegido has been sunk off the European coast, according to unofficial announcements made here.

It was announced that the ship was twice fired on by the guns of a German submarine and that one member of the crew was wounded. After the news became known an excited crowd marched through the streets shouting, "Down with the German assassins." Groups of students paraded the streets singing patriotic songs. Two German newspapers published in Buenos Aires in view of press by the crowds closed their offices.

WASHINGTON, April 16.—William Jennings Bryan became the first recruit to-day under President Wilson's call to every American to aid the country in the prosecution of the war. Mr. Bryan conferred with the President and told him he was willing to serve on the firing line or anywhere else the President wanted him.

WASHINGTON, April 16.—Arthur J. Balfour, British Foreign Minister, arrived in the United States and will reach Washington late to-day to take part in the conference on the best aid that America can give to the Allies.

WASHINGTON, April 16.—The Senate Finance Committee has favorably reported the \$7,000,000,000 bond bill which passed the House Saturday. It will be rushed through the Senate Tuesday.

## Patriotic Bourbonites Fill Court House To Overflowing

Rousing Talks Made and Resolutions Upholding President Passed.

It wasn't patriotism of the rampant style that caused several thousand people from the city and county to crowd the Bourbon county court house to overflowing, and then some, at the mass meeting held there Saturday afternoon. It was a meeting of sober, serious-minded people, who realized that a crisis in the history of the Nation was close at hand, and they attended the meeting in an endeavor to attest by their presence their sanction and approval of the measures taken by President Wilson and his advisers to meet the emergency.

It was hoped and expected that the attendance would be large, but the crowd that surged in and about the court house was larger by far than had been thought possible. The crowd filled every available inch of space in the big court room long before the hour set for the beginning of the program, and several hundred vainly sought admission, the overflow being large enough to have held a big mass meeting of their own. Outside, the yard and streets were filled with people who were disappointed in not having been able to get in to see and hear. The court room where the proceedings took place was tastefully decorated with flags, and other national emblems, while the various colored dresses of the ladies lent a beautiful added touch of color to the scene.

The meeting was presided over by Mayor John T. Hinton, who called it to order and stated the object. Attorney William Grannan was chosen secretary. The meeting was opened with prayer by Rev. Dr. C. R. Mangum, pastor of the Paris Baptist church. After the singing of "The Star-Spangled Banner," Mayor Hinton announced the speakers of the afternoon would be County Judge Charles A. McMillan, Rev. George H. Harris, rector of St. Peter's Episcopal church, of Paris, Attorneys John J. Williams, Reuben R. Hutchcraft and David Cline, of Paris, and Col. C. M. Pest, of the Millersburg Military Institute. The speeches made by these gentlemen were full of patriotism and gave a message to the loyal people of Paris and Bourbon county, in unmistakable terms of the determination of the American people to "stand by the President and Congress." Their speeches were greeted by cheers and continued applause by the immense audience, who were further worked up to a high pitch of enthusiasm by the singing of "America" and "My Old Kentucky Home," to which the music of the Boys' Band of the Odd Fellows' Home at Lexington, lent added inspiration. All over the big court room flags waved and some of the more enthusiastic ones stood up in their seats, and tried to give better vent to their feelings.

The presence of the Millersburg Military Institute cadets, in their handsome uniforms of grey, gave a military touch to the scene that fitted in well with the occasion. The cadets were remarkably well-drilled, and attracted a great deal of attention, especially among the fair sex. The cadets, under the command of Maj. Nelson, and headed by the Boys' Band, marched down Main street, and filed into the court room, where a section had been reserved for them. After the exercises they gave an exhibition drill, which showed they had splendid training in the manual of arms, and attested the worth of their instructors. One feature of the parade, which was headed by Judge E. B. January, was the employees of the Power Grocery Company, carrying a big American flag.

The last speaker of the afternoon was Hon. Claude M. Thomas, who, in introducing the resolutions, which had been prepared by the committee, made a patriotic speech, the equal of which has seldom been heard here. The resolutions are printed below. Upon motion made by Mr. Thomas, and seconded by Rev. George H. Harris, the resolutions were adopted amid cheers and an enthusiasm that simply had to find a vent.

It was a great day for Paris and Bourbon county people, and they took advantage of the occasion to demonstrate their patriotism and loyalty to country and the principles of liberty for which our forefathers fought and died.

In a desire to attest his patriotism John Smits the landscape gardener at the Simms' residence on Second street, fashioned a large American flag made of red, white and blue flowers of his own raising, which he wove artistically on wire, and presented it to Judge McMillan. The flag occupied a prominent position on the speaker's stand during the exercises. Mr. Smits is a loyal American. His contribution to the meeting was greatly admired.

"The President of our beloved country, in words of such heroic

measure as to stir the souls of men unto the uttermost parts of the earth, by a new declaration of the faith and the spirit of democracy that will live and guide the destinies of humanity so long as men shall seek for freedom has answered the brutal challenge of the most barbarous foe to civilization of which there is record in the history of time. In the name, and on behalf of our people, patiently enduring the vicious assaults of autocratic power on American life and liberty and property, exerting every agency of wise and patriotic statesmanship in the effort to save his country from the trials and hardships and penalties of war, he has spoken in magnificent vindication of the rights and ideals of the civilization for which we stand. He has not asked the Congress for a declaration of war, but by dispassionate restraint, he guided his country to a position so eminent and conspicuous that history must record she fought only when unprovoked and undeclared war was practiced against her. A patriotic and country-loving Congress was asked to recognize the state of war already brought about and being waged by his savage and brutal aggressor. The Congress has spoken and our country, in defense of its good name, in protection of its honorable standing among the nations of the earth, to guard and to preserve the form of government and the character of civilization established, and entrusted to us, by our forefathers, strikes in war, and strikes at the same time, shoulder to shoulder with the heroic nations whose sons for three long years have borne the burden, to avenge the rape of Belgium, the cowardly destruction of Serbia and Montenegro, the waste and spoliation of the cities and monuments.

### EDITORIAL MUSINGS.

#### The Town Beautiful Movement.

This is an age of tourists and tourists. People keep their eyes open as they pass through towns, anxious to see what refinement and civic spirit they can find. A town that beautifies its public streets and that has attractive residence grounds draws interest from all over a State.

Towns ought to take the greatest pains to beautify the streets through which this stream of motor travel is passing, also to clean up neighborhoods through which railroad tracks run. When motorists find dilapidated buildings, ill kept grounds, stables decorated with circus posters, etc., they carry away a disagreeable impression.

The view from the railroad car is usually one of tumbled down chicken coops, piles of ashes and rubbish. Property owners perhaps say to themselves that the strangers that pass by won't know who it is that keeps such a looking place. All the same, they know the name of the town.

Many towns, realizing the importance of the effect produced on travelers, take pains to make little park spots near railroad stations and along main streets. It is astonishing what a change can be made in a dingy square by planting a few trees and shrubs.

Every town should have a committee to look specially after the appearance of these arteries of travel. The owners of property abutting on them should be urged to co-operate in a general clean-up and beautification movement. If a railroad won't clean the rubbish out of its right of way, the townspeople could better afford to do it themselves than to let it remain. If a screen of trees could be planted along the back yards adjoining railroad tracks, the traveler in a few years would get a wholly different impression of the place.

#### Standardizing Domestic Service.

A scheme has been started at Montclair, N. J., for standardizing domestic service. Candidates for positions as housemaids will have to pass certain tests. Then they will be eligible to receive certain fixed rates of wages.

This may relieve wealthy households whose smooth routine is now upset by raw service imported from the European peasantry. But it does not promise to relieve more modest homes. It will still be difficult to find that all bearing drudge, the "girl for general housework." As standards of service advance, standards of pay keep pace.

It is often remarked that women have made a mess of the domestic service problem, and have made conditions so onerous and unpleasant that few girls care to undertake this task. It would be nearer truth to say that the wages of women in factories and stores have advanced and that servants' pay has gone up to correspond.

When a girl can enter a factory and earn \$8 to \$10 a week, she is slow to go into a home and take \$4. The mistress may figure that she gets board for which she would have to pay \$7 or \$8, so that in the aggregate she gets a better net return. But if the girl lives at home while taking the factory or store job, she may have to pay but two or three dollars weekly for her board. This would leave her a larger sum than the housework girl gets, and her Sundays and evenings are left free. Hence it is that housework has to depend largely on girls

who lack the adaptability to hold office, store or factory positions.

Servants are luxuries to-day. Where they once jumped at \$3 per week, they often now ask double that sum. Hence many young married women, whose mothers kept "hired girls," are to-day donning the apron, and are independent mistresses of the kitchen.

For young people of moderate income and good health, it is a sensible thing to do. There are many appliances that make housework easier. The husband should not feel it beneath his dignity to help clean house or wipe dishes. The saving is substantial, and may be the foundation of a fortune.

### COLORADO DIVINE WANTS TO ENLIST AS CHAPLAIN

Fired with zeal to serve his country in some capacity in the service of the United States in the present war with Germany, Rev. E. A. Driver, pastor of the colored Methodist church at North Middletown, has applied for admission to the service in the capacity of chaplain.

Rev. Driver is a native of this State, though he was raised in Ohio. He had an ambition in his earlier years to join the army, but was persuaded to enlist in the "war against sin" and thereby lost a great opportunity to become one of the Nation's defenders. The war fever is now upon him, and he is anxious to be accepted as a recruit.

The first recruit to the army from the same neighborhood was Mr. Thomas Stacey, who has been in the employ of Mr. William Stewart near North Middletown, for some time. Stacey enlisted at the Lexington recruiting station, and was sent to the military camp at Ft. Thomas, Ky. Mr. Edward Peters, formerly of North Middletown, who has been living in West Virginia for several months, enlisted in the service in that State and was also transferred to Ft. Thomas.

### Patriotic Mass Meeting At The Court House.

ments and fields of beautiful France, and, at last, in memory of countless numbers of Edith Cavells.

"Therefore, The people of the city of Paris, and the County of Bourbon in mass convention assembled, this, April 14, 1917.

"Resolved, First: That we unreservedly commend and endorse the historic and enduring words and actions of the President of the United States in guidance of our country throughout these years of trial and almost unbearable responsibility, and, mindful of all the burdens and sacrifices entailed, we commend and approve the resolution of Congress declaring a state of war existing between our country and the so-called Imperial Government of Germany. We are happy in the consciousness that both Senators and all members of the House of Representatives from Kentucky responded to the call of America, and splendidly supported this resolution in defense of our country and our homes.

"Be It Resolved, Secondly: That we tender hereby, in support of these actions by the President and the Congress, to our country the moral and material support of all the citizenship of Bourbon county, pledging unreservedly every resource to the limit of our capacity for the maintenance and preservation of the ideals that have made America, and the future of which, God helping us, we are resolved, even to the last man and the last dollar, shall be secured as a heritage for our children, as it was guaranteed to us by those who have gone before. To these ends we dedicate our unswerving loyalty, all requisite sacrifice and submergence, and, while not seeking the combat, since it has been forced upon us, we expect and ask and hope for no peace except the peace of victory.

"Resolved, Further: That as citizens of this great country, anxiously awaiting from hour to hour information as to action being taken by those in authority of government, we urge a speedy preparedness for any end, no matter how distant in space or time; that at the earliest possible moment the Star Spangled Banner shall be placed on the battle front side by side with the Cross of St. George and the Tricolor of glorious France; that no separate peace be ever negotiated with this vicious, brutal and monstrous enemy of humanity and its civilized institutions.

"Resolved, Finally: That copies of these resolutions be forwarded to the President, to the Senators from Kentucky, and to J. Campbell Cantrell, member of Congress for the district in which we reside."

After the adoption of the resolutions which was done amid the greatest enthusiasm, the meeting was closed with a benediction pronounced by Eld. J. Taylor Sharrard.

### MY OLD KENTUCKY HOME.

The following article, which has been widely copied, first appeared June 16, 1881, in the columns of The Nelson County Record, a publication which has passed out of existence:

A young man and his sister were visiting their old friend, Judge Rowan, who lived near Bardstown, Ky. With true Kentucky hospitality, he had entertained his guests, showing them the various points of interest on his estate and throughout the surrounding country. The brother and sister were delighted with what they heard and saw. The spell of the Kentucky fields was about them. They began to weave in their fancies the beautiful thoughts that slowly crept into their minds.

One beautiful morning, while the darkies were at work in the cornfields and the sun was shining with a mighty splendor on the waving grass, Stephen Collins Foster and his sister were

seated upon a bench in front of the Rowan homestead.

High up in a top of a tree, a mocking bird warbled its sweet notes. Over in the hidden recesses of the bush, the thrush's mellow tones could be heard. From where they sat, the brother and sister could see in the distance St. Joseph's College, one of Kentucky's famous institutions for learning. Small negro children were playing not far away.

Almost unconsciously, Foster began to write the words of a son that was going through his head. When he had finished it, his sister took the paper from his hands and in a sweet, mellow voice sang the first verse of a song that has since become famous.

The sun shines bright on my old Kentucky home;

'Tis summer, the darkies are gay;  
The corn top's ripe and the meadow's in bloom.

While the birds make music all the day.

The young folks roll on the little cabin floor,

All merry, all happy, all bright;  
By-m by hard times comes a-knockin' at the door—

Then my old Kentucky home, good-night.

The mocking bird descended to a lower bough. The feathery songster drew his head to one side, completely enraptured by the wonderful voice of the young singer. The noises in the field gave way to a perfect stillness as the last sweet note died away upon the air.

Suddenly, the brother's deep bass voice was heard in the following sweet words:

### CHORUS

Weep no more my lady; oh weep no more to-day;

We'll sing one song for the old Kentucky home,

For our old Kentucky home far away.

The darkies had laid down their hoe and rake; the little tots had placed themselves behind the large sheltering trees, while the old black women were peeping around the corner of the house. The faithful old house dog never took his eyes off the young singers. Everything was still, not even the stirring of the leaves broke the wonderful silence.

Again the brother and sister took hold of the remaining notes and sang in sweet accents.

They hunt no more for the 'possum and the coon,

On the meadow, the hill and the shore;

They sing no more by the glimmer of the moon,

On the bench by the old cabin door.

The day goes by like a shadow o'er the heart,

With sorrow where all was delight;

The time has come when the darkies have to part.

Then my old Kentucky home, good-night.

REPEAT CHORUS.

The head must bow and the back will have to bend,

Wherever the darkies may go.

A few more days and the trouble all will end,

In the fields where the sugar canes grow.

A few more days to tote the weary load—

No matter, it will never be light;

A few more days till we totter on the road,

Then my old Kentucky home, good-night.

As the song was finished, tears flowed down the old darkies' cheeks.

The children crept from their hiding places behind the trees, their faces wreathed in smiles. The mocking bird and the thrush sought their homes in the thicket, while the old dog still lay basking in the sun.

THE STAR-SPANGLED BANNER.

(1)  
Oh, say can you see, by the dawn's early light,

What we so proudly hailed at the twilight's last gleaming,

Whose broad stripes and bright stars, thro' the perilous fight,

O'er the ramparts we watched, were so gallantly streaming.

And the rockets' red glare, the bombs bursting in air,

Gave proof through the night that our flag was still there,

Oh, say, does that star-spangled banner yet wave

O'er the land of the free and the home of the brave?

(2)  
On the shore dimly seen thro' the mist of the deep,

Where the foe's host in dread silence reposes,

As it fitfully blows, half conceals, half discloses,

Now it catches the gleam of the morning's first beam,

In full glory reflected, now shines on the stream.

'Tis the star-spangled banner, O, long may it wave,

O'er the land of the free and the home of the brave.

(3)  
Oh, thus be it ever when freemen shall stand,

Between their loved homes and the war's desolation,

Blest with vict'ry and peace may the heav'n rescued land

Fraise the power that hath made and preserved us a nation;

Then conquer we must when our cause it be just,

And this be our motto, "In God is our trust."

And the star-spangled banner in triumph shall wave,

O'er the land of the free and the home of the brave.

AMERICA.

Of thee I sing;

## ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS.

Give It When Feverish, Cross, Bilious, For Bad Breath or Sour Stomach.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt. (adv)

## COBB'S DESCRIPTION.

"A nice, large, juicy oyster without a shell, just waiting for one with an oyster fork to come along." So does Irvine Cobb, Kentucky-born world rover, accurate observer and word painter, described the United States. No more fitting description could be condensed into so few words. Ready for the oyster fork is this country to-day.

Peppered with spices seasoned with propaganda of pacifists, redolent with the countless millions of gold wrung from the agony of the Allies who are fighting the fight for freedom, the United States is protected from the fork of Germany only by the activities of the Allies.

Should peace come without participation of the United States in the war, further than to wring from the need of the Allies the millions that have been paid for food and munitions of war, what obligation would there be upon any nation in the world to array itself in protection of the United States? Should Germany, or Japan or any other nation decide to use the fork and spare the oyster so as to satisfy its hunger with the juicy morsel this nation now presents, where would this nation find friend?

## HOW'S THIS?

A large drop of milk will adhere to a needle dipped into it and withdrawn. If pure, but if adulterated it will form several drops, which leave the metal quickly.

## INSOMNIA.

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere. (April-adv)

### SCORES EFFORT TO PROHIBIT USE OF TOBACCO

Senator James is leading the fight in the Senate to have the amendment to the Chamberlain Military Training Bill prohibiting the use of tobacco in army training camps eliminated from the pending war legislation. He made it clear that the service would suffer severely if the legislation should be adopted. His position is that the Federal Government has no right to deny any of its citizens the freedom to continue the use of tobacco from which they derive solace and comfort. He pointed out to members of the Military Affairs Committee, of which Senator Beckham is a member, in advance of a formal hearing, that the Allies long since recognized the need of supplying their troops with tobacco, a commodity purchased for the most part in Kentucky and elsewhere in this country.

### DOING THEIR DUTY.

Scores of Paris Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Paris people endorse their worth.

Mrs. John Mastin, 1439 High street, Paris, says: "I have used Doan's Kidney Pills with very good results and I can tell from the help they were to me that they would be beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys were irregular in action. Doan's Kidney Pills rid me of these complaints and I have faith enough in them so that if I should need a kidney remedy, I would certainly take Doan's."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

### THE SUNSET CLUB.

"Did you ever," asked Mrs. Rugg, "think what the tendency of progress means to the old lady in your home? No stocking or mittens to knit; no rag carpets to be made. And as the family clothes are bought ready made, the joy of creation is denied her, and as no 'scraps' come with ready-made garments, the task of patching is abolished. If there is a baby, there is also a modern mother who stands between it and its grandmother's arms with the theory that it is not good for children to be much petted or rocked to sleep."

In brief, there is nothing for her to do all day but read and mark time. These women must find opportunities for utilizing their knowledge and experience, and the object of the Sunset Club is to give it to them. A woman's exchange could be opened, where old ladies could make something to sell, of which the younger generation hasn't the secret; or books and magazines may be collected and passed from one white-haired sister to another; or one might open an intelligence office, where the busy mother may secure the services of an experienced old lady for an occasional afternoon or evening when she wishes to go out and must provide some one to stay with the children; or if these old ladies could be induced to tell their experiences, each in her own homely fashion, to young brides and beginners in housework, what tears and scolded fingers could be spared."—Frances L. Garside in April Southern Woman's Magazine.

### "OUR BOYS" WERE THERE!

In his notes of the opening game at Cincinnati between the Reds and the St. Louis team, Jack Ryder, the Enquirer's sporting editor, had the following in Thursday's paper:

"A large delegation of Red rooters from Paris, Ky., was on hand, headed by Dr. W. C. Ussery, long known as a faithful booster for our boys. They came up in machines, had a big dinner last night at a local brewery and returned to Paris later in the evening.

Tom Russell headed a big delegation of rooters from Maysville, and other Kentucky cities, were also represented in the big throng."

Somebody remarked that Henry Santon had very important business in Cincinnati, Wednesday, too!

### MR. KISER RESIGNS.

The Winchester Sun has the following regarding a former Paris boy, who was for many years connected with THE BOURBON NEWS in the mechanical and editorial departments:

"Mr. George M. Kiser, who for the past four years has been in the employ of the Winchester Sun, tendered his resignation the first of the month to become effective to-night. Mr. Kiser has been a faithful employee and has fulfilled all the duties that have been entrusted to him in a most efficient manner and has made many friends among the patrons of the Sun by his pleasant manner of receiving the news items that have been entrusted to his care and transacting business with the general public. As yet Mr. Kiser has not definitely made up his mind just what business he will engage in and has not decided fully whether he will give up the newspaper work, although he has many flattering offers from different sections.

"Mr. Kiser's successor has not yet been fully decided upon, but until his successor is appointed the regular Sun force will have charge of his daily duties."

### MATRIMONIAL.

#### MANSFIELD-LYTLE.

—A wedding, which while not entirely unexpected, will come in the nature of a surprise to their many friends, was that of Mr. Gilbert Lytle and Miss Rachel Mansfield, both of this city, who were united in marriage at three o'clock yesterday afternoon, at the residence of the officiating minister, Rev. J. T. Sharrard, on South Main street. The attendants were Mr. Foster Lytle, an uncle of the bridegroom, and Mrs. Thomas Kiser, a sister of the bride. Only members of the immediate family were in attendance.

Mr. Lytle is a son of Mr. and Mrs. Omar G. Lytle, of Paris, and has been identified with the business interests of the city for a number of years. He was with the firm of Baldwin Bros. for several years, and later with Mr. Logan Howard, in the grocery business. In his business connection with these firms he made a large circle of friends, who esteem him highly for his courtesy and integrity of character. His bride, who is a daughter of Mr. and Mrs. W. P. Mansfield, of Danville, was also associated with the Howard grocery when her future husband first came there and the acquaintance developed into love, their marriage yesterday being the culmination of a romance so auspiciously begun. The bride is a young woman of many graces of character, and has a large circle of friends who wish her all the happiness that can come in the married state. She has until recently been with the C. P. Cook Grocery Co. where she was highly esteemed.

After the ceremony Mr. and Mrs. Lytle left on the 3:20 Louisville & Nashville train for Cincinnati, where they remain a few days. On their return they will go to light housekeeping in the old Bourbon College building. THE NEWS extends heartiest congratulations and best wishes to this worthy and deserving young couple for a long and happy wedded life.

### MANN-JAMES.

—A marriage license was issued Friday by County Clerk Pearce Paton to Mr. Julian James and Miss Lola Mann, both of this city. Miss Mann is the daughter of Mr. G. M. Mann, of the L. & N., and Mr. James is a son of Mrs. Mollie James, and a nephew of Mrs. Corne Watson Baird and Mr. Harry O. James, of Paris. He is in the employ of the Louisville & Nashville railroad in a clerical capacity.

### B-4 FIRE Insure with W.O. HINTON & SON, Agents

BLOWING OF WHISTLES CAUSES FIRE ALARM.

There was great jollifying in the South Paris yards of the Louisville & Nashville, Saturday afternoon when the round-house boys raised their big flag. The whistles on all the engines and the big siren on the machine shops shrieked forth their salute as the colors went up. And Patrolman George Judy, away off in the distance thought the din meant a fire, and turned in an alarm from Box 31. The department responded, but found no need for their service.

### Fire, wind and lightning insurance. Thomas, Woodford & Bryan

#### RECOVERS STOLEN AUTO.

In Lexington, Sunday night, an unknown man jumped in Mrs. Lavinia Cunningham's auto, which she had left standing at the parking place near the Phoenix Hotel, and drove away it. The machine was afterward found deserted on the road near Lexington by policemen who had been notified. Mrs. Cunningham went to Lexington with her sister in the machine, and it was while they were at lunch in the Phoenix that the machine was stolen. The loss was reported to the police, and a notification to look out for it was sent out to all the force. About 11:30 o'clock Sunday night Patrolman Charles Henry sighted a machine answering the description of the one stolen, and when its driver failed to stop, he secured a taxicab and started in pursuit. When about one mile out on the Versailles pike the unknown occupant of the machine brought it to a sudden and full stop and deserted it, running across the field. The machine was brought back to Lexington and Mrs. Cunningham was notified.

#### REAL ESTATE DEALS.

Auctioneer M. F. Kenney sold yesterday at the court house door in this city for W. H. Whitley and D. D. Cline, agents for the Brackton heirs a house and lot in Centerville, to Anna Johnson, colored, for \$550.

Mr. A. Storn has purchased of Miss Rebecca Decher the brick cottage on High street now occupied by Mr. and Mrs. Ed. Lurke, for \$3,900 cash. Mr. and Mrs. Lurke will move to the A. J. Winters residence adjoining, which they recently purchased from Mrs. Winters.

Mr. Thomas C. Johnson has purchased of Mr. John B. Mitchell the property in North Middletown known as the Malvina Moore home. Mr. Mitchell contemplates moving to Paris to reside. Mr. George Griffin has leased the home of Mr. Johnson.

### RELIGIOUS.

—The fine weather brought out an unusually large attendance at the Paris churches Sunday. Rev. J. Grey McAllister, of Louisville, preached to two large audiences, comprising the the Presbyterian congregation at the court house. At the morning service the congregation unanimously extended a call to Rev. H. C. Rice, of Nicholasville. Rev. Rice is one of the leading young ministers of that denomination in the State, and it is earnestly hoped that he will accept the call. Rev. R. O. R. Mangum preached to the congregation of the Baptist church at both services; regular Sunday services were held at the Methodist, Christian, Episcopal and Catholic churches, while the Christian Science Society had well-attended meetings at their place of worship.

### ARRESTED ON A CHARGE OF FORGERY

Charged with having forged the name of Mr. John G. Redmon, of this county, to several checks, Maggie Wilson, a negro woman, who had been in the employ of the Redmon family as a domestic, was arrested and lodged in the Paris jail, Friday morning, to await trial.

It is charged that the Wilson woman, while in the employ of Mr. Redmon, who lives on the Jackstown pike, forged his name to checks aggregating more than \$100, which she had cashed at the Peoples Deposit Bank & Trust Company.

Other checks signed in the same way were brought to the bank, but the suspicions of the officials had been aroused, and the matter was reported to the police. The woman's arrest followed.

Her husband was arrested at the same time, and both now occupy cells in the Paris jail. It is not thought that the man is guilty of any connection with the forgery, but it was thought best to hold him for further developments.

### LAMBS BRING GOOD PRICES.

One of the largest lamb deals made this season was closed last week by the firm of Kerns, Caywood & Patterson, of Bourbon county, when they purchased 1,300 head of spring lambs at eleven and twelve cents.

The deal was made with a number of Clark county farmers for delivery in June, July and August.

### THE NEWS TO RECEIVE WAR BULLETINS EVER DAY

THE NEWS has effected an arrangement with the Cincinnati office of the American Press Association whereby we will receive condensed bulletins of the war situation every day between two and three o'clock. These bulletins will be the same that are furnished the daily papers handled by the American Press Association's service, and will be strictly reliable and "right off the reel." The Government has established a sort of censorship over some kinds of news effecting the service, but THE NEWS will give all there is to obtain. Watch our window for these bulletins every afternoon.

### MEN WANTED!

The army and navy both want men! Now here is a chance for you to show what kind of stuff you are made of. Go and enlist, or never again croak about your bravery. THE NEWS has sent one representative and has two others who are "willing."

### GARDEN SEEDS.

Garden Seeds and Seed Sweet Potatoes, Strausberg and Bermudas. These seed will grow.  
(11) C. P. COOK & CO.

### AN APPRECIATION.

Col. C. M. Best, of the Millersburg Military Institute, desires to extend his thanks through THE NEWS, as well as the cadets, to the people of Paris, for their kind reception, at the big mass meeting Saturday, and to Mayor John T. Hinton and others, who tendered the use of their machines for bringing the cadets to Paris, and taking them home. Col. Best has abundant reason for a feeling of pride in the excellent showing the cadets made Saturday, and the people of Paris are of the same opinion.

### WE'D LIKE TO SEE YOU

In one of our Davis \$20 suits this spring. Really remarkable values at this price.  
J. W. DAVIS & CO.

### SANITARY SURVEY TO BE STARTED HERE SOON

It is said that representatives of the State Board of Health and from the United States Public Health Service will arrive in Paris some time this week to begin the work of making a complete sanitary survey of Bourbon county.

The work will necessarily be slow, but quite a force of people will be employed in the initial stage of the work, and it is expected that much can be accomplished during the present spring and summer.

The survey is to be made of the entire county, including Paris and all the towns and villages in the outlying district, and a complete map of the sanitary conditions everywhere will be carefully drawn.

### PARIS BOY WINS PRIZE IN CONTEST.

The contest for the prizes offered by the Kentucky Equal Rights Association to the school children of Kentucky for the best essay upon "Woman Suffrage" has just closed. Miss Lurena Hall, of Sanders, was the winner of the first prize—\$50 in gold; Miss Corinne Noseley, of Henderson was awarded the second prize of \$25 in gold; Mr. Jennings Taylor, of Paris, received the third prize of \$15 in gold, the fourth prize, \$10 in gold, was won by Miss Hettie M. Leathers, of Lawrenceburg. The following received honorable mention: Miss Susan Bennett, Henderson; Miss Margaret Noel, Winchester; Mr. Richard H. Spencer, Winchester; Miss Corinne Schultz, Hartford; Miss Miss Edith Gillispie, Henderson, and Miss Anne Tate Harding, Henderson.

### "OFF TO THE WAR?"

Edward Doty, Edward Fitzpatrick, W. O. Pennington and Ben Leach, of Paris, who recently passed a successful preliminary examination at Lexington for admission to the U. S. Navy, left yesterday for Cincinnati, where they will undergo a second examination after which, if they pass successfully, they will be sent to the naval training station at Norfolk, Va. C. E. Taylor, of Paris, was accepted at the Cincinnati station, and sent on to the Norfolk yards last week.

Mr. Leach returned last night, having failed to meet the requirements in the physical examination, but not due to any serious defects. The other boys left Lexington at 8:00 o'clock last night over the C. & O. for Norfolk, Va. These boys are showing their patriotism by voluntarily leaving good positions to serve their country in the crisis, which now confronts it. There's a few more left loafing around the pool rooms, with no apparent means of support, who could make men of themselves by enlisting in one of the other branches of the service. This is a time when they are needed. They should enlist or shut up talking.

—The Danville Messenger says of two Paris favorites: "Prof. Miko and Miss Hall, in charge of the music at the opera house, awakened much enthusiasm by playing patriotic airs. M. Floyd has written a graphic description of the storm which will be published in the Southern Telephone News.

No election of teachers was held at the last meeting of the City Board of Education, and it was decided by the members that, unless an additional appropriation is made by the city to meet the current expenses of the schools, the same will have to be curtailed, and a reduction made in the number of teachers employed. The matter will be submitted to the City Council at its next meeting. The election of teachers has been accordingly postponed two weeks.

**EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS**

"Pape's Diapepsin" is Quickest, Surest Stomach Relief Known—Try It!

Time it! Pape's Diapepsin will sweeten a sour, gassy or out-of-order stomach within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin helps to neutralize the excessive acid in the stomach, which is causing the food fermentation and preventing proper digestion.

Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn and headaches, for many months. It belongs in your home. (adv)

**PRESENT ARMS TO VALOR.**

Astonishment will be the portion of the average man when told that there is living to-day a son of President James Monroe. Such is the fact, nevertheless. He is Major James Edward Monroe, a respected citizen of Richmond, Va., who, on July 4 next, will be 101 years of age. What is better yet, he is animated by the same high patriotism that made his distinguished father's memorable among Presidents. Unattended he sturdily marched into a recruiting station and announced that his services were at the command of the country. His inspiring action should be rewarded with an honorary commission as General, and he should be permitted to lead the Virginia troops from the capital to the first rendezvous. All America presents arms to Major James Edward Monroe, volunteer from Virginia!

**PATRIOTIC STATEMENT BY AN EX-GERMAN**

In these days of rumors, when almost every German in America, and even in many instances naturalized Germans are looked upon with more or less just or unjust suspicion, as the case may be, it is refreshing and consoling to read such sentiments as the following, contributed to the Courier-Journal by Col. W. F. Stocker, of Omaha, Neb.:

"When Germans leave their native land and go into the world to make a new home for themselves, they do not look for another Germany, but seek a country where they may live with greater freedom and comfort.

"When I was a young man of 18, I found that I could not agree with the Kaiser and his military system. I began to look around for another country to live in and was attracted to America. I have not been disappointed with my choice. I have found what I desired and sought, freedom, and release from compulsory military service.

"My experience will fit the case of 99 per cent. of the Germans in this country. We bade farewell to the home government because we could not sanction its practices, we left the land of our birth to seek more favorable living conditions. We naturalized as citizens of the United States because we were better pleased with conditions here than in Germany.

"Some may criticize their adopted country and find fault with its institutions, but that does not intimate in the least degree that we support the acts of our native land. We appreciate our privilege of freedom in this country. We have made use of it, but it has been with the sole intention of correcting abuses, contributing our mite toward the perfection of this Government 'of, for and by the people.'

"Ninety-nine per cent. of the Germans who have become citizens of the United States are honest men, who consider that they owe, in war as well as in peace, a debt of honor to the nation that welcomed them with open arms, offering them opportunities and privileges which their own land did not afford. However strong the ties of blood, but 1 per cent. of the German-born citizens of America would dream of repudiating that debt of honor when the necessities of their adopted land call for payment.

"COL. W. F. STOCKER."

**WONDERFUL STUFF! LIFT OUT YOUR CORNS**

Apply a Few Drops Then Lift Corns or Callouses Off With Fingers. No Pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called Freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of Freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn callous.

Put a few drops directly upon any tender, aching corn of callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug Freezone doesn't eat out the corns or callouses, but shivers them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have Freezone have him order it for you. (adv)

**WHY CONSTIPATION INJURES**

The bowels are the natural sewerage system of the body. When they become obstructed by a constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere. (April-adv)

**EASTER SUNDAY WAS "MOST DISAGREEABLE"**

Easter of 1917 will perhaps go on record as one of the most disagreeable Easter Sunday's in several years. A varied assortment of weather was handed to the public by the weather man, and as a result Easter wearing apparel, which represented several weeks of preparation in contemplation of the event was crowded entirely off the calendar.

The day began cold and dreary and toward noon a slight rain set in which toward evening changed to snow which at times gave the appearance of a blizzard.

There were few spring bonnets in evidence, although a few ventured out in defiance of the elements to celebrate the occasion with the display of millinery, only to have them dampened by the deluge of rain and snow.

**BAD COUGH? FEVERISH? GRIPPY?**

You need Dr. King's New Discovery to stop that cold, the soothing balsam ingredients heal the irritated membranes, soothe the sore throat, the antiseptic qualities kill the germ and your cold is quickly relieved. Dr. King's New Discovery has for 48 years been the standard remedy for coughs and colds in thousands of homes. Get a bottle to-day and have it handy in your medicine chest for coughs, colds, croup, grippe and all bronchial affections. At your druggist, 50c. (April-adv)

**MORGAN RAIDER TELLS A STORY**

Capt. Lucas, Frankfort, Feels As Fit As In Old Days.

**MORGAN'S 'OLD HORSE THIEF'**

Morgan's raiders, loved and honored by every man in the South and feared throughout the North in the days of '61, are still remembered by their daring raids into the very heart of the North.

Those men, often riding day and night for weeks at a time, sparing nothing to aid the cause of Dixie, earned for themselves the famous

CAPT. MASON B. LUCAS.

name of "Morgan's Raiders." They gave the flower of their youth and strength to the cause dear to the South, and those of them that are left are still remembered and loved in the South and honored in the North.

**Captain Lucas Popular.**

Among these is Captain Mason B. Lucas, who is known throughout Franklin county as "Uncle Mace." He is now finishing his second term as County Jailor, and there is no more widely known or popular citizen in all Frankfort or Franklin county.

During the war he was Morgan's right-hand man, and his friends love to call him "Morgan's Old Horse Thief," as he was always given command of foraging parties when they had got past the Union lines and were in Northern territory.

"Uncle Mace" is now 73 years old and not long ago he felt that he was getting into the class of old men. But he feels fine again now and says he believes he can straddle his horse from the ground and make as hard a ride as he could in the days of '61.

In telling the story of how he got back his health he said:

"Some time ago my stomach went back on me, and I felt heavy and lousy after eating. I got so I couldn't sleep well at night, and began to get a little nervous. My appetite wasn't what it used to be either. I didn't seem to ever get hungry. I got worried and decided to try Tanlac.

**Sleeps Like a Baby.**

"Well, sir, after taking two bottles of Tanlac my appetite is splendid. I sleep like a baby, and feel stronger than I have for years.

"Tanalac has done me so much good that I felt like I wanted to help some one else, and so I bought a bottle of Tanlac for an old war comrade of mine. Tanlac helped me and I am glad to tell others about it."

It is upon the recommendation of such persons that Tanlac is becoming so universally popular.

Tanalac, the master medicine and reconstructive tonic, is sold exclusively in PARIS by Varden & Son. Other exclusive agents in nearby towns are as follows:

HUTCHISON, Snell & Wood; MILLERSBURG, W. G. Wadell; ELIZA BETH, Oscar Smith; CARLISLE Trueman & Son; GEORGETOWN, C. H. Arnold; WINCHESTER, Duty Drug Company; AUSTERLITZ, B. S. Parish. (adv.)

It is understood that the Russian army is sadly hampered by every soldier carrying two prisoners on his back.

**CLEAR YOUR SKIN IN SPRING.**

Spring house cleaning means cleaning inside and out. Dull pimply skin is an aftermath of winter inactivity. Flush your intestines with a mild laxative and clean out the accumulated waste, easy to take, they do not gripe. Dr. King's New Life Pills will clear your complexion and brighten your eye. Try Dr. King's New Life Pills to-night and throw off the sluggish winter shell. At druggists, 25c. (April-adv)

**AN INTROSPECTION.**

It is indeed pleasing to believe that no matter how bitter the war may become between Germany and the United States, those citizens of German birth who are now residents of Paris are men of enough sense to know that friendships formed here will not be broken because of the trouble between the two countries. It is of course, perfectly natural for any man to love his country, and while all will have their individual opinions, it is safe to say that there will not be the slightest trouble here, and the old friendships will remain true. One can readily un-

### AMERICA CAN NAME TERMS AT CLOSE OF WAR

Dispatches on the coming of the French and British commissions to discuss the conduct of the war only mention the possibility that General Joffre may accompany former Premier Viviani, of France, but do not give any definite announcement.

While it is possible that joint sessions will be held, arrangements have not passed the preliminary stage and no decision has been reached. Discussion, it is indicated, will necessarily be confined to the very broadest phases.

An impression conveyed in some quarters that the Entente commissioners would seek to bind the United States to the general arrangement not to negotiate a separate peace is generally discounted here, though officials take care not to express themselves

flatly in advance in a way that might be misunderstood by the Allies.

It has been stated that the United States will not enter into an alliance in the old world sense of the term, but will commit itself to unlimited participation in the war until the aims which President Wilson announced are achieved.

An impression has been created that the United States will feel itself free to judge when that moment has arrived and will not commit itself over and above its own aims in the war to an unlimited liability for territorial aims of the Allies. It is recognized that it would be difficult to convey this impression to the Entente without being misunderstood, and it is thought also the Entente commissioners are fully enough conversant with the American situation not to press the issue.

The British delegation which is expected to arrive in about ten days, will be headed by Foreign Minister Balfour.

### SAFE MEDICINE FOR CHILDREN.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effectual in relieving coughs, colds and croup. Obtainable everywhere.

## THE FRENCH FASHIONS ARRIVE IN NEW YORK

Designers Shape the Silhouette in Various Ways

### FOULARD A REVIVED SILK

NEW YORK, April 12. Paris fashions have begun to arrive in New York—and all in good time for Easter, too!

Enough of these models have come safely through the perilous trip across the Atlantic to give us an idea of the Parisian decree as to what shall be worn this spring and summer.

Whether the silhouette would be straight, oval or "barrel" is the question that most women have been anxious to have settled. It would be so maddening to find that Paris had voted in favor of the barrel silhouette when you had finally decided upon a straight-line frock for Easter, and vice versa.

A Summer Frock of Fine White Voile and Flouncing

Fortunately, the French houses have been in favor of all three silhouettes, so the choice rests with the individual, and no one having elected to appear either slender or slightly puffed out around the hips will be in any danger of not being correctly dressed. Certainly, the fashions are most accommodating, in so far as they allow one the choice of so many different styles.

The soft drapery in skirts is a feature much in evidence among the new gowns. There are also some tunics, the lovers of this graceful style will be glad to know. Draping is one of the means of accomplishing the oval silhouette with the skirt narrowing down at the hem and plenty of fullness about the waist and hips.

### The Width and Length of Skirts

There is no rule about the width or the length of skirts, for they vary according to the caprice of the designer. Some skirts are as narrow as a yard at the hem, while others are as wide

A Smart Way of Developing Spotted Fabrics

as three yards. It is just the same with the lengths of skirts. While some reach the ankles, the shoe-top length and even shorter is used in other models. Skirts for street wear are for the most part inclined to be narrow. In evening gowns, the puffed effect of skirts looped under to a narrower foundation is used to a great extent, and this same effect also appears here and there among the afternoon gowns.

Pockets have not been discarded by any means, nor is there any evidence of a lack of inspiration for new ways of fashioning them.

Embroidery is still the order of the day, and the more Oriental looking

the more stylish it will be. Another form of decoration much in use is the heavy machine stitching applied either in rows or in fancy designs. This is such a simple trimming for women to say that its popularity is assured. On woolen material, a heavy silk like that used for crocheting is used at the top of the machine with ordinary sewing silk at the bottom. The stitching should be as large as the machine will allow, and the needle must necessarily be very large. When this stitching is used on linen or heavy cotton fabrics, a heavy mercerized cotton is used in stead of silk.

### The Revival of Foulard

As to materials, it is particularly interesting to note the arrival of foulard, an ideal silk for spring and summer. It is used very freely, especially in the dotted design so well known. Coin dots of all sizes and colors appear in many silks. Satin, taffeta, crepe meteor, chiffon and Georgette are the smart materials of the season for afternoon frocks, and the diaphanous tulle, nets and laces are used for the evening gown. Black-and-white combinations are used in the development of some of the most charming evening gowns.

For day wear the most prominent colors are sand, beige, navy blue and sulphur. There are many attractive combinations such as dark blue or black with red, tan with light blue or rose, and navy blue with green. The dotted materials, which are very prominent, are matching the background of the dotted fabric.

The sketch shows a summery frock of fine white voile with flouncing forming the side tunics and the vest-like front of the waist. A ribbon girdle supplies the color note in this dainty all-white frock. A narrow ribbon of the same color as the girdle holds in the soft gathered puff of the under-sleeve at the wrists. Cut machine stitching is the finish used for the collar and vest, as well as the edges of the sleeves.

In the second sketch is shown a dress in one of the popular spotted fabrics, with plain sleeves, pockets and belt. This is one of the ways of developing a spotted fabric, relieved by a plain color, in order to get the best effect.

## WHAT PROMINENT MEDICAL MEN SAY REGARDING IT

"I will utter what I believe to-day. If it should contradict all I said yesterday."

The thought in the foregoing quotation possibly contains the sentiment which dominated the minds of the individuals when they subscribe to the statements which follow:

"I am the son of a medical doctor and was educated for the medical profession. After nine years in the practice of medicine I discovered I had sugar diabetes. As a result I consulted a chiropractor. He fully restored me to health. I believe chiropractic to

be the most efficacious and far-reaching health mode extant."

EDWIN C. CALISBURG.  
Jackson, Mich.

"I am a licensed physician in the State of California. I have also taken chiropractic study. I believe chiropractic is here to stay."

E. P. BAILEY, M. D.  
957 W. 7th St., Los Angeles.

"I became interested in chiropractic through seeing a chiropractor take a number of badly afflicted people, pronounced incurable by medicine, and

achieve results which seemed like miracles to me."

L. W. EDWARDS, M. D.  
24th and Farnam, Omaha, Neb.

"The chiropractors come nearer to giving to suffering humanity the maximum of health and happiness obtainable through the practice of any health profession."

A. W. LITTELL, M. D.  
304 Conroy Bldg., San Antonio, Tex.

"I think chiropractic spinal therapy simply wonderful."

W. A. FRANKLIN, M. D.  
Magnolia, Ill.

"I believe chiropractic to be the most scientific method of adjusting the cause of disease."

U. A. LYLE, M. D.  
Logansport, Ind.

"Hurrah for chiropractic and for chiropractors who have solved the health problem."

W. A. BRAYMAN, M. D.  
Youngstown, O.

"Chiropractors obtain results I cannot obtain with medicine."

E. G. RUTHERFORD, M. D.  
Birmingham, Ala.

We have many like testimonials from men who know of the value of chiropractic spinal adjustments. About four hundred and fifty former medical doctors have abandoned medicine for the study and practice of chiropractic. The chiropractic schools of the country annually graduate about fifty medical doctors for the practice of this great drugless mode of adjusting the real cause of disease.

—Considerable excitement was occasioned here Sunday afternoon when the dead body of a white infant was found under the porch at the residence of Mr. John Maher, in this city. The body was entirely naked and was badly decomposed, having evidently been there some time. Coroner Rudolph Davis was notified, and went to Millersburg, where he conducted an investigation, assisted by Dr. J. D. Callahan and Marshal Joe Williams, of Millersburg. The body was buried. Nothing could be learned who placed the body there, or from where it came. There were no marks of violence on the body and as well as could be determined from a superficial examination, the infant died from natural causes.

Just as we begin to doubt the inexhaustible versatility of war writers they up and report Francis Joseph dead again.

### BE CAREFUL!

The bridges on all the railroads in Central Kentucky are now guarded day and night by details of soldiers from the Kentucky State Guard. Should you have any business about a railroad track or bridge, be careful as to your actions, and if called upon to "Halt!" you had better do so, and give an account of yourself. No "tin soldiers" are on guard here, but grim, determined men who are there on business, strictly. Be careful, and watch your step!

When it comes to no surrender the new guard can take pointers from the old.
